

Turn global employment
into a competitive advantage

G-P EOR

Build and manage global teams in 180+ countries without the cost, risk, or complexity of setting up new legal entities.

Product overview

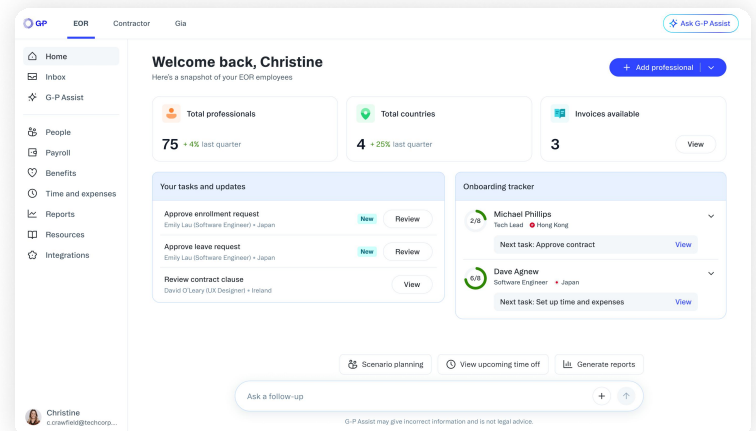

Our #1 ranked employer of record is powered by AI-first technology and our proprietary Global Compliance Engine (GCE) to give you total control over global hiring. With G-P EOR, you can onboard, manage, and pay top talent around the world with speed and confidence. We combine AI technology and a decade of HR, legal, and compliance expertise to simplify the entire employment lifecycle.

Problem solved

G-P EOR removes the barriers of global hiring and the administrative burden of entity setup by giving you an "always-on" compliance shield that allows you to hire the best talent globally in minutes, not months.

G-P EOR

- Combines advanced AI with country-specific HR and legal expertise to manage local employment requirements
- Embeds compliance directly into contracts, payroll, and benefits to reduce manual oversight
- Ensures alignment with local labor and tax regulations from day one

Growth opportunities unlocked

G-P EOR enables you to compliantly hire in 180+ countries, bypass costly entity setup, and integrate with best-in-class HCM, PEO, and payroll solutions to give you the flexibility to connect with any system you use.

Compliance is in every layer of G-P EOR. We automate labor law adherence and provide enterprise-grade security, so you can enter markets and manage global teams with peace of mind and speed.

Product overview

- **Faster market entry**

Hire in new countries quickly without setting up a local entity. Avoid incorporation costs, delays, and legal complexity.
- **Scale with confidence**

Manage every stage of global employment – from your first international hire to a distributed team across multiple countries – on a secure, cloud-based infrastructure built for reliability.
- **Connected single source of truth**

Integrate with your existing HRIS, talent management, and payroll systems to reduce manual work and keep centralized records.
- **Access the best talent**

Hire beyond borders and close critical skills gaps by going where the talent lives.
- **Locally competitive benefits**

Offer compensation and benefits that meet local expectations. Our agentic AI and in-house team of HR experts review and validate offerings to deliver a consistent experience for your hires, regardless of location.
- **Built-in compliance**

G-P has a 100% pass rate for reviews, audits, and investigations. Our Global Compliance Engine (GCE) works behind the scenes as a real-time compliance shield.
