

• Top 10 reasons companies choose G-P

Companies of all sizes use G-P to manage the full employee lifecycle in 180+ countries. Our SaaS and AI-powered products – EOR, Contractor, and Gia – give you **everything you need to build global teams with ease.**

With G-P as your global employment partner, you can:

Every company's journey is different. Yours might be testing a new market with a few contractors, relocating an employee, or navigating an M&A. G-P acts as the bridge. We simplify global employment so you can go wherever opportunity takes you.

Why companies of all sizes choose G-P

Industry leadership and infrastructure

1

G-P created the EOR industry. We're consistently ranked #1 by leading analyst firms Nelson Hall, Everest Group, IEC, and QKS Group.

2

We own 100+ legal entities worldwide and have 13+ years of field-proven experience no other competitor can match.

3

We support hiring in 180+ countries, outpacing other EORs who cap their reach at 80-150.

4

Our platform's API-first design is built to plug directly into the HCM and payroll tools you already use.

Compliance and risk mitigation

5

Our platform is backed by an AI-powered Global Compliance Engine and the industry's largest team of HR and legal experts.

6

G-P employment contracts ensure all intellectual property is protected and legally transferred to your company.

7

We have an unbeatable compliance track record and a 100% pass rate for global audits and investigations to prove it.

World-class versatility, AI, and customer support

8

We never stop innovating. G-P Gia™ is a first-of-its-kind global HR agent that gives you instant compliance guidance from 100k+ legal sources.

9

With 99% payroll accuracy, we consolidate everything into one monthly invoice in your choice of currency while giving you access to localized benefits packages.

10

We're AI when you want it and human when you need it. G-P Assist, our in-platform AI, guides you through workflows. And our in-country experts are available 27/4 to tackle unique situations requiring human support.
