

Training & Education for a Safer, More Productive Workforce

Online Safety Training

DISA's safety training services offer on-line access to hundreds of user-friendly, media-rich training modules that are conveniently self-paced. From OSHA requirements to safety and health fundamentals, each on-line module is designed to empower employees with the education they need to perform their duties safely and effectively. Some of the safety courses we offer include:

Department of Transportation

- Hazmat General Awareness
- Vehicle Inspection
- Drug Testing for Commercial Drivers

OSHA Construction

- Introduction to OSHA
- Confined Spaces

OSHA Environmental

- Hazwoper 24 & 40-Hour
- Emergency Response

Safety & Health Fundamentals

- Asbestos Hazards
- Blood-borne Pathogens
- Fall Protection

Substance Abuse Training

Our training solutions give employers the tools and understanding they need to manage their programs and to retain a substance abuse-free workforce. Our training services include substance abuse education for employees, which fulfills consortium and DOT requirements as well as relevant training for drug and alcohol collections and DOT regulatory compliance.

Supervisor Awareness

- Complies with DOT regulations
- Conducted in classroom setting or on-line module
- Three-hour session

Employee Education

- Conducted in classroom setting
- One-hour session

Designated Employer Representative Training

- Offered free of charge
- Online, classroom, and webinar sessions

Drug & Alcohol Collector Training

- Certified collector training
- Specimen collections

Refinery Safety Training

The DISA Safety Orientation Program (DSOP) is a standardized safety training, consisting of comprehensive standards-based safety curriculum, geared specifically for the refinery industry. Participants receive a DSOP Card that is good for two years. Refresher and Challenge Courses also provided.
