

# Short-Term Testing Methodologies

Leveraging the DISA Contractor Consortium (DCC)

Short Term Testing Methodologies Include:  
Urine and Oral Fluid

## DCCHA

Urinalysis  
Downstream  
10-panel

## DCCOF

Oral Fluid  
Downstream  
Upstream  
11-panel

## EPCC with expanded opioids

Urinalysis  
Upstream  
10-panel

## DCC DRUG TESTING BENEFITS

- Insulates Facilities/sites From Illicit Substance Abuse
- Combats Contractor Job Hopping
- Standardizes Screening Requirements
- Owner Policy Violation Tracking
- Provides Real-time Compliance Tracking
- Auditing Capabilities at Company and Employee Level
- Mitigates Risk
- Increases Workplace Safety
- Multiple Site Auditing Options  
(DISAWorks, Exception Report, Badging System Integration, ISNetwork, etc.)

## ELIMINATE 3X MORE DRUG ABUSE

By implementing a short-term methodology like urine and oral fluid, alongside a long-term methodology (e.g., hair), employers have historically identified 2-3 times the number of drug abusers\*. This combination of methodologies eliminates testing gaps while ensuring employers make the most informed decisions and build a culture of safety at their workplace.

\*Citing historical positivity rates for DISA's safety-sensitive DCCHA and DCCHT consortiums.

## BENEFITS

### Urinalysis

- Considered the "Gold Standard"
- Established Federal Regulations For Process Guidelines

### Oral Fluid

- Direct Observation Collection Prevents Tampering

### Both

- Identify Recent Drug Abuse
  - Urine: 1 - 7 Days
  - Oral: 2 - 72 Hours
- Screen For All Major Drugs
- Detect Lower Levels and Can Identify Single Use
- Can Be Combined With Long Term Methodology to Eliminate Drug Testing Gaps

## DRUGS DETECTED

- Marijuana
- Cocaine
- Amphetamines
- PCP
- Opioids
- Barbiturates
- Benzodiazepines
- Methadone
- Propoxyphene
- Methaqualone
- Synthetic THC

## 2020 POSITIVITY RATES

Consortium	DCCHA	DCCOF	EPCC <small>with expanded opioids</small>
Total Positives	1,605	178	773
Reasonable Cause	11.02%	9.09%	7.41%
Pre-Employment	0.99%	0.14%	1.53%
Post-Accident	1.37%	0%	1.52%
Random	0.53%	0.19%	0.77%
All Tests	0.87%	0.33%	1.30%
